DETAILED ACTION

Allowable Subject Matter

1. Claims 1-4 and 6-9 are allowable.

The following is an examiner's statement of reasons for the allowance: The examiner deem claims 1-4 and 6-9 as novel when read as a whole for the limitations of a recovery coordination module configured to accept and reject requests from a recovery module to unregister the recovery module as the counterpart of the first computer upon request and the recovery module configured to unregister with the recovery coordination module as the counterpart of the first computer responsive to the detection module detecting the failure of the first computer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
